Local Talent: London-based Artists at Frieze 2023

September 19, 2023

Frieze London and Frieze Masters spotlight London-based artists, past and present, in The Regent's Park, 11–15 October 2023.

This year, Frieze London celebrates its 20th Anniversary, marking two decades of championing London as a crossroads for artists, ideas and stories. Here we highlight the diverse practices of artists, both past and present, who have made the capital their home. For this vibrant selection of artists, presented by galleries across Frieze London and Frieze Masters, the city signifies freedom, return, reckoning and defiance.

Peres Projects dedicates a section of their booth at Frieze London to new work by London-born Cece Philips. Suffused with a bright blue shade, Philips's twilight paintings reimagine social environments and dynamics to explore how urban settings and modernist interiors are inhabited by women, particularly women of colour.
