

NOW SHOWING

JAN

LEO GABIN

9 JAN—6 FEB/ BERLIN

Trawling the murky depths of the internet and its never-ending proliferation of images, artist collective Leo Gabin are drawn to elements of amateurish cyber-culture and social-media content. Often collaging YouTube videos and appropriating images of celebrities, their works are rehashed portraits of digital culture. Peres Projects will present an exciting new series of works by the Belgian-based trio.
